Report of Principal and School Improvement Council

In compliance with the Education Improvement Act of 1984, the Annual Report to the Community is written and reported each year to keep parents and community members informed regarding the progress the school is making in meeting school and district goals and objectives. This report was developed by our School Improvement Council (SIC), which consists of administrators, teachers, parents, and community business representatives. The SIC works closely with the principal in examining the school's annual standardized testing data and setting goals that focus on specific areas of strength and weaknesses. Teacher, parent, and student survey data is also examined by the SIC to determine internal and external perceptions regarding the overall school operations. Utilizing this information, a plan for improvement is established each year.

As a result of our school strategic plan, much has been accomplished over the past year. Along with these improvements, plans have been designed and implemented in order to ensure continued school-wide success.

Several school goals were established and are currently being implemented in order to address areas on PACT that need improvement. One goal is to increase the percentage of fifth grade students scoring basic or above in PACT English/Language Arts (ELA) to 85 %. (The 06-07 average of 80.4 was somewhat lower than other grade levels). MAP testing is currently being utilized to pinpoint areas in ELA that require additional instruction and remediation. Another goal is to increase the percentage of fourth grade students scoring basic or above in the area of science to 72% for the 07-08 school year. The 06-07 average of 68.8% was somewhat lower than at other grade levels. Administration, the instructional coach, and other resources will be utilized in each of these grade levels to work closely with teachers to address deficiencies in the areas noted.

Along with continued student progress, Skyland has much to celebrate. Skyland was one of the few schools in South Carolina to meet the federal requirements of Adequate Yearly Progress (AYP) as defined by The No Child Left Behind Act. In addition to this tremendous accomplishment, our PTA and Business in Education Partners continue to provide strong financial, educational, and moral support to our school. To date, Skyland benefits from over 40 business education partnerships and over 10,000 PTA volunteer hours. We are also pleased to report that this fall our PTA erected a covered shelter. This addition not only provides students with a protected area to play in, but can also be utilized as an outdoor classroom. We appreciate the PTA and all of the community businesses that contribute so generously to our school. Their active participation is critical to our school's success.

In closing, we would like to express our gratitude to you for being an integral part of our team at Skyland Elementary. Building a school of excellence requires teamwork. Please join us in acknowledging Skyland's dedicated teachers, staff, business partners, and volunteers who give selflessly to ensure that every child succeeds. Skyland Elementary continues to provide quality education in "a place where children flourish."
